PROFILE

I would like to start a career as a **Frontend developer** (priority - **React-development**), as well as **improve and hone my programming skills** to grow in the direction of Full Stack or Team-Lead.

For almost **two years** I have been actively studying the features and technologies of frontend development.

To evaluate the results of my self-study, you can follow to the **Github** and the **portfolio site** links.

HARD SKILLS

HTML5, CSS3	<div></div> <div></div> <div></div> <div></div> <div></div> <div></div>
JavaScript (ES5+)	<div></div> <div></div> <div></div> <div></div> <div></div> <div></div>
React + Redux	<div></div> <div></div> <div></div> <div></div> <div></div> <div></div>
GIT, Yarn, Webpack	<div></div> <div></div> <div></div> <div></div> <div></div> <div></div>

LANGUAGES

English	<div></div> <div></div> <div></div> <div></div> <div></div> <div></div>
Russian	<div></div> <div></div> <div></div> <div></div> <div></div> <div></div>
